Whether youre looking to shrink your carbon footprint or just your monthly expenses, there"s never been a better time to go solar. Keep reading for the lowdown on everything from current tax incentives to new tech choices.

The installation cost of solar panels and electricity bill savings depend on local electricity rates, the solar company you choose, how much sunlight your roof gets, and the rebates and tax incentives available near you. On average, solar panels pay for themselves after 10 years, making them a worthwhile investment for many homeowners.

30kw dc fast charger
