Pinkfong's Eight Planets Word Play is a catchy song to help children remember the names of the planets and their order in our solar system. Three colorful characters sing the song that will keep children excited and engaged. The song comes with simple hand and leg movements such as waving, clapping, rolling fists, and running in place that children can follow.

the solar system song 1 if you count the planets - orbiting the sun there's something cool about ev'ry single one! so everybody gather 'round and listen while i sing a song about our solar system! planet one is mercury, it's tiny and it's speedy! planet two is venus - it's bright and super-heaty!

? ? ? ? ? Intro: E G E G R: E G There are eight planets in our Solar System E G We all revolve around the Sun E G Join us to learn about the different planets E G Now sing along and have some fun 1) E My name is Mercury G I'm the second hottest planet E G The closest one to the Sun E G A year on my surface is 88 days E G I'm the smallest but I'm lots of fun 2) E My ...

Planets Song Lyrics. There Are 8 Planets In Our Solar System . Let's Go Ahead And List Them. In Order From The Sun. Mercury. Venus And Earth. Mars. Jupiter Saturn. Uranus And Neptune These Are The Planets In The Solar System. ...

Overview of the solar system. The solar system consists of 8 planets: Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus, and Neptune. In addition to the planets, there are 5 recognized dwarf planets, including Pluto. The solar system also contains numerous moons, with Jupiter having the most at 79, and Saturn following with 62.

The Solar System Song is an upbeat, catchy song in a jazz style that will appeal to children in both Key Stages. The planets of the Solar System are introduced in order, with some key facts about each one. Pluto is included in a way that highlights the debate around the dwarf planet and its place in the Solar System. There
