

# A1 solar power

Should I buy solar panels from A1 solar store?

If you are looking to purchase Solar Panels, I would highly recommend A1 Solar store. I did not have much knowledge on Solar Panels and/or the benefits of them. A1 SolarStore customer service and knowledge of their panels was outstanding. My purchase of the Silfab 400W panels was made easy and quick with a pick up location right in my area.

Did you buy 320W solar panels from A1 solar store?

Yes, I bought 6 LONGi 320W panels from A1 Solar Store. My experience was great. The panels were actually in a warehouse in my state which kept transport costs down. See my review of the panels and the bill of sale. I hope this information will be of help to someone looking for solar panels.

Does anyone have feedback on A1 solar store?

like the title asks, anyone have feedback on the A1solarstore? Did you ever use them or hear from others? Yes, I bought 6 LONGi 320W panels from A1 Solar Store. My experience was great. The panels were actually in a warehouse in my state which kept transport costs down. See my review of the panels and the bill of sale.

How can I contact A1 solar store?

Please, send us your order number to [tatiana@a1solarstore.com](mailto:tatiana@a1solarstore.com) (put 'Trustpilot' in the subject), so that we could look into the details and take measures. The two people that were present at the warehouse were very pleasant and loaded the solar panel pallet with a fork lift and placed it perfectly and gently on my trailer.

How do I subscribe to a1solarstore?

By clicking "Subscribe", I agree by electronic signature to: (1) receive marketing and other texts and messages from A1SolarStore, directly or from third parties acting on its behalf, at the email address I entered above; (2) the Terms and Conditions; and (3) the Privacy Policy. Easy to choose, easy to buy.

350W solar panels. Compared to the first models on the market, the price of solar energy has plummeted. A little over sixty years ago solar panels were much less efficient but cost a fortune - about 100\$ per watt vs. \$0.3-0.5 they cost now. A 350 watt solar panel follows this trend.

Clearance. In this section you can find clearance solar panels. These are the panels that are still in stock but in low numbers. They come with a 30-50% discount but the Return Policy does not apply to them. Basically, you can get quality solar panels for a lower price but there is a risk they'll break along the way, and in this case, we won't be able to replace them.

Aptos Solar. Aptos Solar entered the solar market in 2019, but already has made a name for itself. The panels from Californian brand come with the greatest warranties: 25-year for product and 30-year for performance. Aptos Solar engineers have devised their own design of a solar cell which is now known as DNA technology.
