Creating markets for energy transition Interestingly, Odisha scores the highest in green tariffs, renewable energy policy landscape and green open access rules. The state has the lowest green tariff rate, 25 paise per kilowatt hour, compared to its peers. Odisha is also making significant strides in its Electric Vehicle (EV) ecosystem.

Renewable energy can play an important role in U.S. energy security and in reducing greenhouse gas emissions. Using renewable energy can help to reduce energy imports and fossil fuel use, the largest source of U.S. carbon dioxide emissions. According to projections in the Annual Energy Outlook 2023 Reference case, U.S. renewable energy consumption will ...
