Aviva mentions their own solar panel in the manual but I can't seem to find a trace of it online, so I'm looking elsewhere. The manual says: "The aviva S180 solar charging port is a DC6530 with a 6.5mm port and is designed to work with compatible solar panels up to 100 W of solar. Solar panels with 18 V typically range in 40W to 100 W."
