Which are the best solar companies in New Mexico?

This guide lists the best solar companies in New Mexico. Sunrun is one of our top picks. It is a great choice for New Mexico residents looking for payment flexibility and offers four financing options with full-service protection.

How do I choose a solar company in New Mexico?

Cost and financing options, trustworthiness and services offered are the top factors to consider when choosing a solar provider in New Mexico. SunPower and Sunrun are among our top picks for solar companies in New Mexico. SunPower is an industry leader with over 35 years of experience as both a manufacturer and installer.

What are the best Solar Lease companies in New Mexico?

Plus, SunPower guarantees the energy output from the system you lease, which is an additional protection that other companies don't always provide. Sunrun is another big name you'll likely come across when researching solar leases in New Mexico.

Which solar companies in New Mexico offer the best financing options?

Of the top solar companies in New Mexico, Solar Works and SunPower offer the best selection of solar financing options. A company earns a perfect score in this category if it has 10+ years of experience installing solar. The industry standard that we measure against is at least five years of experience.

Is New Mexico a good place to invest in solar energy?

New Mexico is second only to Arizona in the number of sunny days it sees per year. It's one of the best parts of the country for investing in solar energy thanks to its climate and the solar incentives. We read websites, warranties, and customer reviews to narrow down more than 20 providers to our list of the best solar companies nationwide.

Does New Mexico have solar?

New Mexico might not have as many solar companies as other states do, but it still ranks in the top 20 for total installed solar capacity in the country. With the Land of Enchantment being one of the sunniest states in the U.S., it's no wonder the total solar investment is well over \$3 billion.

Las Cruces incentives and rebates. Solar incentives and rebates can cut the cost of installing solar in Las Cruces by thousands of dollars. The most significant incentive is the 30% federal solar tax credit, available to any taxpayer in the country when they purchase solar panels or battery storage. Some cities, counties, states and utility companies offer additional solar ...
