

Blue sky solar energy phone number

Does Blue Sky Energy Solutions accept credit cards?

Blue Sky Energy Solutions accepts credit cards. What days are Blue Sky Energy Solutions open? Blue Sky Energy Solutions is a Yelp advertiser. Specialties: We are a General Contractor and Solar Company that specializes in home and commercial restoration, residential Solar installation, residential/commercial roofing and gutter installation.

Is Blue Sky Solar a local company?

Despite the Springfield, Oregon storefront, Blue Sky Solar is not a local company. They are based in Utah and contract out for everything, not always to Oregon companies. We began the process for panels and battery storage in early March of 2022. It is now May of 2023. All seemed wonderful at first. It became one thing after another.

Did Blue Sky Solar install my solar panels?

Blue Sky Solar did it for a fraction of the cost. Blue Sky Solar did a great job in installing my solar panels, even though there were a few delays in the beginning. After signing up with the original salesman for solar panels, there was a wait, little communication and some confusion.

How much does Blue Sky energy cost?

The cost is \$1.95 per 100 kWh block per month. Find out more about the Blue Sky business partner program. Blue Sky products are Green-e Energy certified, and meet the environmental and consumer-protection standards set forth by the nonprofit Center for Resource Solutions.

Is Blue Sky Energy a good company?

Blue Sky Energy came highly recommended from some very discerning friends. We love their straight-forward pricing, prompt customer service, and fact-based information. We have recommended them to others who have also been very pleased with their services.

How long does it take to install Blue Sky Solar?

Thank you Blue Sky Solar! June 2023: (Job initiated in March of 2022) Installation scheduled for beginning of June. Was supposed to take 2 days, panels + battery and electrical. Stretched to a week due to not having correct materials on hand.
