

Hospital electrification delivers healthy savings in energy and emissions St Vincent's Health Australia has been exploring electrification options at St Vincent's Private Hospital Fitzroy.

Energy Minister Bogdan Ivan has announced a program through which hospitals will receive funding for the installation of photovoltaic panels and storage systems. Bogdan Ivan made the ...

The IBT Group-Destinus Energy Partnership is building the Alperia cogeneration plant for the Bolzano Hospital in an environment characterized by rapid flows of scientific and technological ...

The innovative Bulgarian project for the production of energy storage batteries BG EXERON X-BESS has been granted strategic status under the European Commission's Net Zero Emission ...

If you have a large enough storage battery, coupled with a home EV charger, you can even run your electric car using the clean energy produced by your solar panels. But while a battery can cut your bills dramatically, it's a ...

The funds will be used to purchase, for example, heat pumps, waste heat recovery systems, energy-efficient insulation systems in buildings, photovoltaic panels, local energy storage ...

Businesses can receive between 30,000 leva and 100,000 leva per project to invest in energy-efficient equipment and facilities that support in-house electricity generation and storage, the ...

The project establishes battery storage as a central element of Bulgaria's future energy supply and uses state-of-the-art algorithmic trading software and innovative incentive structures to exploit the full potential of ...

Our latest battery energy storage system just got a major upgrade. The LiNa Engineers have slashed the size by 50% while maintaining the same 10kWh capacity. As solar energy deployment expands globally, we're ...

Latest news on energy storage projects, BESS, capacity expansion, and regulatory updates across Europe, US & Canada, Latin America, and Asia Pacific. Discover how energy storage solutions support renewable energy ...

This new facility strengthens Solaris Holding's portfolio, which already includes over 600 MW of installed renewable capacity and more than 2,000 MWh of integrated storage solutions across ...

Bulgaria hospital energy storage
