

Can the living room storage cabinet hold a table

How to plan living room storage ideas?

Often, when planning living room storage ideas, using a mix of open and closed storage is best. This allows for you to store away more unsightly items in cupboards and cabinets, and keep more decorative, aesthetically pleasing items on display on tables and shelving.

How do you store furniture in a living room?

Opt for stowaway storage so you can stash living room essentials out of sight. A roomy ottoman with lift-up lid is brilliant for hiding away spare cushions, bulky blankets or children's toys.

Are storage baskets a good idea for a living room?

Stock up on storage baskets Storage baskets are one of the most aesthetically pleasing storage solutions that should be used in any living room, big or small. And that's because they are so versatile and can be placed pretty much anywhere - they make for the perfect decorative element for living room shelving ideas in our opinion.

Should open shelving be matched with cabinetry?

Match open shelving with cabinetry Cohesion is king if you want a scheme that's easy on the eye and it's these details that make a room feel 'designed'. Open shelving creates a light and airy feel in any room but works particularly well in living rooms as extra storage that's not 'heavy' to look at.

Should you buy side tables for your living room?

When buying side tables for your living room, look for those that have extra storage built into them. The modern side tables from Ashley Montgomery Design have a lower shelf for storing books or magazines. However, you can even swap in a nightstand with a drawer for even more hidden storage.

Should you put a coffee table in your living room?

A coffee table with hidden shelves or drawers adds more usable space and will help keep your living room tidy without extra cleaning. While there are table options available to create extra storage, it can be easy to repurpose items if you already have them.
