Overview This product has a minimum quantity purchase of 10 panels due to safety in shipment Introducing the Canadian Solar 390W Mono-crystalline Solar Panel in sleek black. Experience minimal power loss in cell connection compared to standard modules, alongside enhanced shading tolerance and lower internal current, re

· CS-series solar modules have been qualified for Application Class A (equivalent to Safety Class II requirements). Modules rated under this class should be used in systems operating at voltage above 50 V or power above 240 W, where general contact access is anticipated. · Canadian Solar Inc. modules have been certified

This 400 W Canadian Solar solar panel also comes with a substantial 12-year product warranty. Enhanced frame design. This model's construction makes it perfect for both residential and business rooftops. Durability and strength are increased by using a strong, robust frame built from anodized aluminum. A significant snow load of up to 5400 Pa ...
