

Chevron and renewable energy

Today, as a Chevron Renewable Energy Group (REG) policy advisor, she returns to the fair as a renewable fuels advocate. Geilenfeld will use the opportunity to highlight our leadership in biofuels production. "Chevron is part of the biofuels industry and, by extension, the agricultural industry," she said. "The Iowa State Fair sets the ...

Chevron has agreed to pay \$3.15 billion to acquire Renewable Energy Group (REG), a producer of biobased diesel. The buy will aid the oil and gas firm's ambition to make 5.8 billion L of renewable fuels per year by 2030 ...

Chevron Renewable Energy Group, Sheetz and Restaurant Technologies created a circular economy for processing used cooking oil. Could your next order of french fries help fuel diesel engines in your area? For more and more people, the answer is yes. Making biodiesel from used cooking oil (UCO) isn't a new idea.

In addition, the company updated plans to increase renewable energy and carbon offsets and to invest in low-carbon technologies such as hydrogen and carbon capture, utilization and storage. Over the past several weeks, Chevron launched its second Future Energy Fund with an initial commitment of \$300 million and announced a new bioenergy ...

Scope 2 emissions are indirect emissions resulting from the energy the company purchases and uses. CNE focuses on building new businesses in areas that align with Chevron's legacy strengths, including: CCUS; Hydrogen; Carbon offsets; Advanced geothermal; Renewable fuels; CNE also invests in hydrogen, CCUS and other new energy companies.

In the Energy Everywhere series, we will highlight how Chevron is helping power everyday life through different forms of energy. Innovation enables human progress, and this series will demonstrate how we are working to provide ...

NEW YORK, Feb. 28, 2023 -- At its annual investor meeting today, Chevron Corporation (NYSE: CVX) reported on its progress to leverage its strengths to safely deliver lower carbon energy to a growing world. "Chevron intends to be a leader in both traditional and new energy businesses," said Mike Wirth, chairman and CEO.

the "Glossary of Energy and Financial Terms" on pages 54 through 55 of Chevron's 2020 Supplement to the Annual Report available at [chevron](#).
