

Chuneng New Energy Energy Storage Order

What is Chuneng new energy (Yichang) lithium battery industrial park?

The Chuneng New Energy (Yichang) Lithium Battery Industrial Park project has a total investment of about 60 billion yuan, and plans to build a 150Gwh lithium battery production capacity. The project will be constructed in four phases, of which the first phase will build a 40Gwh capacity.

How many GWh of energy storage orders does Gotion have?

For instance, in the energy storage market alone, Gotion has secured over 10GWh of orders. In March, Gotion signed a cooperation agreement in Tokyo with Daiwa Energy and CO2OS for energy storage station development and operation in Japan, with Gotion providing 1GWh of energy storage battery products.

How many EV batteries can be built in China?

The under-construction Chuneng New Energy lithium battery industrial park in Yichang, central China, April 2023. Once complete, this complex will be able to build 150 gigawatt-hours of batteries per year, or roughly three million EV batteries. (Image: Alamy)

What is the largest investment and industrial project in Yichang?

This is the largest investment and industrial project in Yichang so far. The project covers an area of 4,500mu and mainly produces power batteries, energy storage batteries, consumer electronics batteries, PACK modules and other series of products.
