

Does solar power generation affect Feng Shui

Can feng shui change your energy?

You can do all sorts of feng shui changes in your home, but if your energy isn't changing then nothing is going to happen! Be open to the Universe bringing you what you want - or something even better! Be open to how you feel on a daily basis actually changing. This is why feng shui is so powerful.

How does feng shui affect your vibration?

Everything around you is energy. This means everything in your home affects your vibration. Everything is speaking to you on a subconscious level, whether you notice it or not. That is why so much of feng shui is about cleaning, decluttering, repairing, and moving the energy in your home.

What is the relationship between lighting and Feng Shui?

When lighting and Feng Shui principles are in harmony, they create a symbiotic relationship that promotes well-being and balance in your living environment. Negative or Sha Qi can arise from clutter, sharp edges, or stagnant energy. Lighting can be used strategically to disperse negative energy.

Why is feng shui so powerful?

Be open to how you feel on a daily basis actually changing. This is why feng shui is so powerful. When you're manifesting, sometimes you don't know which physical action to take to shift the energy and get what you want. But if you work on feng shui, you will see the outward changes and then feel the inner changes.

How does feng shui affect Interior Design?

The practice of Feng Shui is deeply rooted in the belief that the arrangement of elements within a space can influence the flow of energy (Qi) and impact the well-being of its occupants. Lighting, an integral aspect of interior design, shapes this energy flow.

Does feng shui change a month?

Even if you do one feng shui change a month, think of how different your home will feel at the end of a year! Feng shui enhancements, like crystals, wealth bowls, good luck items, or even fountains are used to enhance energy. Which means they will amplify the energy already in your home.
