

Hamad International Airport (DOH) recorded a stable performance in the first half of 2025, demonstrating operational resilience and agility. This was supported by a rise in point-to-point ...

Google has identified a potential battery overheating issue affecting certain Pixel 6a devices, following reports of overheating and two incidents of devices catching fire earlier this year. In ...

In this blog, we break down the top car battery brands available in Qatar, highlighting their strengths, features, and why they're trusted by car owners and mechanics alike. Qatar's ...

Their findings, published in Science Advances, reveal how water compromises battery life and performance and how the addition of affordable salts--such as zinc sulfate--mitigates this issue, even increasing the battery lifespan by more ...

A high-capacity battery tends to maintain performance better in these conditions. Moreover, increased battery capacity supports additional features like image stabilization and Wi-Fi ...

This study assesses the material, environmental, and economic performance of closed-loop lithium-ion battery (LIB) recycling amid China's electric vehicle ambitions, indicating that a ...

We offer express delivery to Doha and other cities in Qatar for Lenovo Tab M10, 10.1" WUXGA IPS 60Hz Touch Display, Unisoc T610 Processor, 4GB RAM, 64GB ROM, Integrated Arm Mali ...

This course is designed to provide participants with a detailed and up-to-date overview on Advanced Photovoltaics (PV) and Battery Energy Storage Systems (BESS). It covers the ...

Herein, a true 2D ResNet method to train and predict battery performance based on battery test image data is applied. With theoretical analysis and tests on two large battery datasets, the ...

Latitude 5430 A business-oriented laptop known for its robust performance, durability, and security features. It typically includes Intel's latest processors, ample RAM, and SSD storage, ...
