I am very pleased with the MC-403 power supply. This unit is able to simultaneously power my Line6 M13 (from a single 9vac outlet!), my 15vdc Radial ToneBone Trimode, and another half dozen 9vdc and 18vdc effects and true bypass loopers without any difficulties. It comes with a fairly complete selection of power cords in different lengths.

The Custom Audio Electronics MXR MC403 power system. In excellent condition and perfect working order. 16 isolated outlets.
