

In this post, we'll explore how Egypt solar and battery power can help fix the blackout crisis. We'll look at real-life examples, explain how hybrid systems work, and offer insight into how ...

July 7, 2025 - Dubai, UAE - GameChange Solar, a leading global supplier of solar tracker and fixed-tilt racking technology, announced that it has signed a contract with CEEC-ZTPC to ...

Cairo, Egypt - In a historic move for North Africa's energy sector, AMEA Power has successfully commissioned Egypt's first-ever utility-scale Battery Energy Storage System (BESS)--a 300 ...

Egypt gets its first large integrated solar PV and battery storage plant -- a 1.1 GW solar PV plant with integrated 200 MWh battery will deliver dispatchable clean energy, enhance grid stability ...

Egypt's first large-scale hybrid solar and battery plant has begun construction as the country looks to its abundant sunshine to help fix its energy crisis. Obelisk, located in Nagaa Hammadi, will...

AMEA Power, one of the fastest-growing renewable energy companies in the Middle East and Africa, has announced the successful commissioning of Egypt's first-ever utility-scale Battery ...

GameChange Solar has entered an agreement with CEEC-ZTPC to provide its Genius Tracker 1P Single Row system for the Abydos solar photovoltaic (PV) plant - Phase II in Egypt. The ...

Mogadishu (HOL) -- Djibouti and Egypt have signed a landmark agreement to build a 276.5-kilowatt solar power plant in Djibouti. The deal, signed during a virtual meeting, is expected to boost Djibouti's energy independence ...

As one of the largest solar-plus-storage projects in Africa, Abydos-II marks a major milestone in Egypt's push to achieve 42% renewable energy generation by 2030. Commissioning of the ...

Egypt has completed the construction of the 500-megawatt Kom Ombo solar power plant, now the country's largest solar photovoltaic facility. Developed by China Energy Construction, the plant is located in the Aswan ...
