What to Look For in Outdoor Solar Lights Type . Based on their light output, outdoor solar lights fall into three general types: motion-activated, dusk-to-dawn, and timer-controlled. Because of solar cell size and battery capacity, the solar energy gathered is a limited resource, so consider when you want the lights to shine and for how long.

The Defiant 3000 Lumens Solar Motion Light is a 4-head LED motion-activated light. No wiring is needed for installation, making it simple to install in minutes and ideal for remote areas or places without power. It runs entirely on solar energy that's stored in rechargeable batteries for use at night, when the light is activated by motion.
