This video is copywrited by Grand Design, Forrest River, and perhaps other RV manufacturers have been installing a Furrion Solar Panel port in their RVs, for the attachment of a solar battery charger. However, the connector does not come with the RV, and unless you buy the Furrion Solar Panel, you don't get the connector.

Built-in bypass diodes further ensure high power output in shaded, or otherwise low light environments. As part of Furrion's off-grid energy ecosystem, the 100W Furrion Solar Panel lets you truly go off the grid for as long as you want. Just hook up the solar panel and set it in a sunny spot, and nature will take care of the rest.

The Furrion solar panel for RV is designed to be mounted on the roof of your RV. The solar provides electricity to your appliances and lights while boondocking, camping in remote locations away from hook-ups, or at a festival without an electrical grid. In this article, we will discuss: Portable solar panels from Furrion; How do RV solar panels ...

This solar charging system is perfect for full-time RV living. The 570-watt solar panels provide DC power to charge your RV's batteries, and the 3,000-watt inverter charger provides AC power to run appliances and electronics. More Information >

Furrion 25-Amp and 50-Amp MPPT Solar Charge Controller are designed for solar array of up to 300W and 600W respectively. They provide the optimal amperage, monitor and adjust the output from your panels to prevent harmful overcharging of your RV batteries.

Furrion Rigid Solar Panels are constructed of high efficiency monocrystalline solar cells to optimize sunlight efficiency in all conditions, and provide long term output stability and reliability. Built with high transmittance, low iron tempered glass ...

Since your Furrion port is 10 amps, you'll need a lighter duty kit, and an easy-to-use option that will work perfectly for you is the Go Power Portable Solar System with Digital Solar Controller - 90 Watt Solar Panel # 34282729. This is really simple to set up, as it comes with the correct plug which will hook up to your Furrion solar port so there is no labor needed or messy wiring.
