

How to install the photovoltaic platform walkway board

Can a roof walkway be used to access solar panels?

Overview of a roof walkway product that can be used to access solar panels that are mounted on metal roofs.

How does a solar panel installation platform work?

The solar panel installation platform can be transported easily in a transit van or on a roof rack, and it assembles within minutes. Its lightweight construction also allows the platform to be lifted and shifted around the worksite without disassembly, making it ideal for projects that require flexibility.

Who installs a solar PV system for Alliance Homes?

Prolectric Services Ltd secured a £1.2m contract to install solar PV systems for Alliance Homes. With 18 years of experience, they expanded into renewables this year. Using Easi-Dec's Solar Platform, they've overcome installation challenges, allowing for fast, flexible setups.

When will solar panels be installed on a walkway in Asturias?

The walkway can also host the solar panels during the installation process. The commercialization of the product will start on September 1. The manufacturer invested more than EUR500,000 to deploy a production line for its manufacturing at its facilities in Avilés, in the Spanish, northern, region of Asturias.

How to install solar panels?

The basic system is to start with the installation of a rack or platform. If the panels are roof-mounted, a roof racking system is first installed. A ground platform is needed if the panels are ground-mounted, and installing the solar panels is not difficult. What is more difficult is wiring them.

What is a solar line access system?

The SolarLine Access System consists of a Solar-Dec platform integrated with a hoist and connected by an Easi-Dec Catwalk to an Easi-Dec standard platform. Ideal for repairs, inspection and maintenance, The Solar Bridging Ladder makes it easier to safely reach the solar panels once on the roof. Its three-part design is lightweight and easy to use.

Choose our expert, flexible end-to-end service, and we will plan, design, build and install your bespoke boardwalk using traditional wood or other sustainable materials. Boardwalks by ...
