

Inspired energy

Who is inspired energy?

Inspired Energy, LLC. is a leading OEM battery manufacturer specializing in designing and producing high-performance smart rechargeable batteries for global markets. We offer a range of customizable solutions to meet the unique requirements of our clients. Our product line includes:

What is inspired energy nc2040 & nf2040?

Inspired Energy Inc. (Alachua, FL) launched two smaller versions of its NI2040 standard lithium-ion (Li-Ion) smart battery, the NC2040 and the NF2040. The new battery packs complete a range of batteries sharing similar physical shape and offering a range of battery power and sizes to suit a variety of applications.

Does inspired energy offer SMBus compatible battery & chargers?

Inspired Energy offers a line of SMBus Compatible STANDARD BATTERIES for device manufacturers looking for a quality battery solution in a common form factor. We can also create a full custom battery & charger design for those applications where an "off-the-peg" design will not suit.

Creating custom-hybrids of standard batteries is a part of Inspired Energy's established expertise. Qty 1-11, \$118.62 USD ea. To place an order or for additional quantity pricing, please contact us. Request a Quote. DATA DOWNLOADS. Data Sheet. ND2037HD34_spec_v1.6.pdf UN38.3.

The Inspired Energy 203x range of rechargeable smart Li-Ion battery packs are ideally designed for use in compact and handheld devices. The ND2034HD34 (4S1P) 14.4V, 4A smart lithium ion battery incorporates the standard features that designers and engineers have come to rely on for safety and function, such as SMbus, a pull tab for easy removal and on-pack LCD display for ...

These smart Li-ion batteries can be customized to meet unique specifications. Custom label, custom firmware and some performance options are available. Creating custom-hybrids of standard batteries is a part of Inspired Energy's established expertise. Qty 1-11, \$209.30 USD ea. To place an order or for additional quantity pricing, please ...
