28 Followers, 3 Following, 0 Posts - LECA (@leca_solar) on Instagram: "LECA is a renowned Australian brand catering to the renewable energy requirements of residential & commercial customers."

All Leca solar panels, inverters and batteries are covered by full manufacturing warranties. Panels also come with a performance warranty covering around 25 years for new installations. It's very important to keep all your product and installation paperwork safe in one place. You will need to provide it in the event of a claim or change of ...

Have had my thoughts about putting solar on the roof and decided to listen to their spiel and get an idea what size I can put on my roof etc. ... After 11 months of research and 9 quotes I chose LECA and am very happy with them. I would only buy tier 1 Panels and inverters. SMA and Fronius are way better than all else for string inverters.
