

Microgrid News Release

What is microgrid knowledge Conference 2024?

Microgrid Knowledge (MGK) Conference 2024 is the intersection of education, advocacy and collaboration on the mission-critical pathway to NetZero unity. Join us and say hi to the HOMER Software team on the show floor at booth #507 to learn all about what's new with HOMER Pro, HOMER Grid and HOMER Front.

Will Microgrid technology bring good news to remote areas?

In the future, with the continuous maturity of microgrid technology and the expansion of its application scope, it is believed that it will bring good news to the power supply of more remote areas.

Why is a microgrid demonstration project important?

The construction of the microgrid demonstration project is not only an important attempt by State Grid Aksu Power Supply Company in power grid technology innovation, but also an important measure to promote regional economic and social development and improve people's livelihood.

Will the energy grid become a grid of microgrids?

Some energy futurists see the grid eventually becoming a grid of microgrids. For now, the concept of connecting microgrids is still in its infancy. The most notable is a project underway by Commonwealth Edison in the Bronzeville area of Chicago. The project featured here, a community being developed by KB Home, is also worth watching.

Will a new microgrid help a community center?

The city of Fort Collins, Colorado has deployed a new microgrid on a community center. It will provide resilience in emergencies, aid in carbon reduction and provide grid services to the municipal utility. UL Solutions is a proud supporter of the 2023 Renewable Energy Grid Integration Week.

What is the microgrid industry looking for?

The microgrid industry is on a quest to find clean fuels that offer reliability-- or ways to navigate renewable energy's intermittency.

But what is a microgrid? A microgrid can be defined as an independent power network that uses local, distributed energy resources to provide grid backup or off-grid power to meet local electricity needs. At the ...

UL Solutions announced the release of the new 1.0 version of HOMER's Front software, adding expanded performance and financial forecasting capabilities to the subscription-based online application for designing, optimizing and ...

A few weeks ago HOMER Energy got an email from a customer in Argentina. The Patagonia engineering company SyR Energ's S.A.S. had been using HOMER Pro to build microgrids that integrate micro
