

The Albania digital nomad visa, officially known as the Unique Permit for Digital Mobile Workers, was introduced in early 2022 as part of a broader reform under Law 79/2021 "On Foreigners." ...

The organizers, International Chess Federation (FIDE) and Albania Chess Federation (ACHF), are inviting all National Chess Federations affiliated to FIDE to participate in the World Youth ...

The Plug-and-Play Modular Microgrids market is experiencing robust growth, projected to reach \$2.701 billion in 2025 and exhibiting a Compound Annual Growth Rate (CAGR) of 8.1% from ...

The microgrid market is supported by its growing applications in the utility/community segment as microgrids can integrate renewable energy sources, provide grid services, and enhance resilience against grid outages.

The application of these techniques to mitigate uncertainties across different hierarchical levels of microgrid control, in particular, converter and system levels. Additionally, the paper examines ...

Microgrids are introduced with an emphasis on their key features, operational flexibility, and challenges arising from power-electronics-based generation. The mathematical modeling of ...

In the first stage, each microgrid separately optimises its own local scheduling with a combination of renewable and dispatchable energy resources. In the second stage, the energy trading ...

The mobile microgrid energy storage system market is experiencing robust growth, driven by increasing demand for reliable and sustainable off-grid power solutions. Factors such as the ...

The analysis of the VF droop control method for AC microgrid applications indicates a promising future with opportunities for technological advancements, integration of emerging technologies, ...
