The main benefit of using an external power pack is the added longevity to your trail camera's battery life. Connecting a solar panel or camera battery box to your trail camera means you can leave your camera unattended for months without worrying that it died and stopped capturing images after a couple of weeks.

Extend the battery life of your Moultrie Mobile and regular Moultrie trail cameras with the Camera Power Panel Lithium. The Camera Power Panel harnesses the sun's energy with its solar panel, while an integrated 12-volt lithium battery stores the energy for use by your Moultrie camera. The Power Panel can extend your camera's battery life ...

Moultrie offers game camera accessories. Since the early 2000s, they have been providing hunters and wildlife enthusiasts with the highest quality outdoor accessories in the industry.

Power your camera with either 8 or 16-AA alkaline or lithium batteries (not included), or consider solar-power accessories for even greater flexibility (not included). Maximize the potential of your Moultrie Mobile trail camera with the industry-leading Moultrie Mobile app. Accessible plans starting at just \$9.99 per month offer unmatched features.

The Moultrie Game Camera Power Panel is a solar panel combined with a 12 volt internal battery that is compatible with all Moultrie 12 volt cameras that were manufactured after 2006. This panel also works with the Moultrie mobile field modem, and with a Y-splitter can run both the camera and the modem on one solar panel.
