

How much do in-roof solar panels cost in the UK?

If you're considering installing in-roof solar panels, you'll want to know how much solar panels in the UK cost. For an average 2 - 3 bedroom household, integrated solar panels cost somewhere between £5,000 - £6,000. As you can see, installing solar panels isn't cheap. Thankfully, there are several solar panel grants available in the UK.

How much does a solar panel installation cost?

Generally, two installers will work together to install your solar panel system, and depending on its complexity, they can take up to 3 days to complete the installation. This means that you can expect to spend anywhere between £600 and £3,000 on labour costs alone.

Are roof-integrated solar panels a good investment?

Roof-integrated solar panels in the UK are quite the initial investment, yet they can lead to substantial savings in the long run. Based on your property size and the solar panel size, in-roof solar panels in the UK can save you between £440 and £1,005 a year.

How much does a solar panel cost per kilowatt?

Exactly how much a solar panel costs per kilowatt depends on the type of solar panel you're talking about. Monocrystalline solar panels are the most expensive, and their cost per kW is somewhere around £1,000 - £1,500 whereas polycrystalline solar panels cost about £900 per kW.

Are in-roof solar panels a complete roofing solution?

Although sometimes mistakenly referred to as solar roof tiles, integrated solar panels are not designed to look like tiles or slates, so they aren't generally a complete roofing solution. So, when installing in-roof solar panels, you'll still need to account for other materials in your planning and calculations of in-roof solar panels costs.

How much do integrated solar panels cost?

Installing integrated solar panels for an average 3-bedroom home costs somewhere between £5,000 - £6,000. With such an installation, you can expect savings of up to £660 per year on your electricity bill. If you're looking to seamlessly blend form and functionality, then installing integrated solar panels might be a great option for you.
