

Reasonable price solar mount

How much does a ground-mounted solar system cost?

Ground mounted solar panels are 20%-25% more efficient than rooftop solar panels, as they can be positioned in the ideal direction and angle to maximise energy production and they have a lower degradation rate. The cost of an average 4kW-5kW ground-mounted solar system for a 3-bedroom house in the UK ranges from £8,500 - £10,200.

How much do solar panels cost?

Monocrystalline solar panels are the most expensive, and their cost per kW is somewhere around £1,000 - £1,500, whereas polycrystalline solar panels cost about £900 per kW. When it comes to thin-film solar panels, these cost between £400 and £800 per kW.

How much do monocrystalline solar panels cost?

The exact cost of monocrystalline solar panels will vary depending on the manufacturer and the size of the solar panels. As a rule of thumb, monocrystalline solar panels have their highest price point at about £1 - £1.50 per Watt. Polycrystalline solar panels, on the other hand, have a lower efficiency rating than monocrystalline panels.

How much does a solar system cost in the UK?

An average 2-3 bedroom house in the UK requires a 4kW-5kW ground-mounted solar system, which costs around £8,500 - £10,200. The costs of installation for solar panels differ for ground mounted and on-roof solar panels.

How much does a solar & battery system cost?

The average cost of a 3kWp solar panel system for a typical property with two or three bedrooms is about £9,000, including installation. This jumps up to around £11,000 if you're adding a 5kWh battery. This is a great time to get a solar & battery system, as there's currently 0% VAT on both panels and batteries.

How much does solar panel maintenance cost?

Solar panel maintenance can cost hundreds or even thousands of pounds over your panels' lifespan, if you don't have a maintenance payment plan in place. Industry experts estimate that every year, the average solar & battery system in the UK has a 15% chance of requiring maintenance, across a 20-year period.
