Slovenia has opened a EUR29 million (\$33.7 million) call under the European Union's Modernisation Fund to support priority solar and wind projects, with applications due by Jan. 7, 2026.

With POWEROAD 's tailored energy storage solution, the school not only secured a reliable and resilient power supply but also made significant strides toward its sustainability goals--empowering its students in a greener, safer and more ...

Underutilized Solar Energy: The school had already installed a solar system for sustainability, however, without an energy storage solution, excess solar energy couldn't be efficiently stored ...

Slovenia has launched a EUR29.5 million call to support solar and wind energy projects under its Renewable Energy Scheme Part A Grants cover up to 45% of costs for new solar or wind ...

The Europe Battery Energy Storage System (BESS) Market is expected to reach USD 15.54 billion in 2025 and grow at a CAGR of 16.06% to reach USD 32.71 billion by 2030. Fluence Energy Inc., Tesla Inc., BYD Co. ...

A headteacher at a special school has raised concerns over the impact a controversial battery storage farm could have on the school and the surrounding areas. Root-Power (North) wanted ...

Stane Zagar Primary School (Kranj): Presented by Anton Marc, showing recent energy efficiency upgrades. Public Pool in Kranj: Led by Emil Tahirovic (Institute for Sport Kranj) and Anton ...

?Journal of Energy Storage????????,????????SCI????????,????????? "??" ?????????????????????????????????? ...

The Eco Fund looks to support projects across Slovenia that reduce carbon and greenhouse emissions while reducing energy waste. The tools the Eco Fund plan to utilize include properly insulating roofs, installation of energy-efficient ...

Avtoservis Koper plans to start construction of a new car storage area later in 2025, which, once completed, will bring the car terminal's total capacity to 10,000 vehicles, the statement read.

Oil prices rise on optimism over US trade deals ahead of Aug. 1 LG Energy Solution Releases 2025 Second-Quarter Financial Results Our first long-duration energy storage partnership ...

Slovenia publishes call for incentives for wind, solar power projects 15 July 2025 - Solar and wind power

projects with or without energy storage that are on Slovenia's priority list ...

ETC specializes in thermal storage, energetic efficiency, industrial wastes recovery high valuation and advanced materials characterization. Making 24/7 renewables a reality through Thermal Energy Storage. Harvest Thermal ...

Quidnet Energy is developing an alternative approach to energy storage by storing water to deliver energy. This new form of sub-surface pumped hydro storage enables large-scale deployment of renewable energy and ...

Background: A special education school located in the Netherlands is dedicated to providing tailored education for young people with behavioral and psychological problems. To align with ...

The study highlights the sensitivity of BESS deployment to both tariff levels and technological learning rates, with higher tariffs exacerbating declining adoption. Despite these disruptions, global lithium-ion battery price trajectories ...

The programme combined academic lectures on decentralised energy and citizen science with real-world activities like lab visits, excursions to renewable energy sites, and group projects. ...
