Solar energy in Houston is a smart choice, as Houston is one of the country's leaders in clean energy use and is also referred to as the energy capital of the world due to its long history in the oil and gas industry. Houston, Texas, is an excellent location for solar energy due to its abundant sunshine and favorable climate.

Houston homeowners going solar can rely on several incentives: the 30% Federal tax credit for the cost of installing solar panels, a state-sponsored property tax exclusion, and any net metering offerings from their retail electricity provider (notably, Green Mountain Power). All electrical conduit, wiring, and solar panels frames must be silver, bronze, or black.
