

Solar control company

What is solar control window film?

Minimal light control and maximum heat protection that barely alters the look of window glass. Lowers your energy use year-round by reflecting heat in summer and insulating it in winter. Solar control window film is an affordable way to upgrade any home's windows. Discover all of LLumar's solar control window film for homes.

What is solar control glass?

Solar control glass is designed to manage the amount of solar energy that passes through a building's windows. By limiting the amount of solar energy that enters a building, solar control glass can reduce the need for air conditioning and lower energy costs. Normal glass, on the other hand, does not provide any special solar control features.

Who makes solar control glass?

Pilkington- Pilkington is a UK-based manufacturer of glass products, including solar control glass. Their solar control glass products include Pilkington Suncool, Pilkington Eclipse Advantage, Pilkington Optilam, and Pilkington Activ Suncool. Euroglas - Euroglas is a German-based manufacturer of float glass products, including solar control glass.

Can solar control window film Change Your Home's exterior look?

Our window film can help change the appearance of your home's exterior, too. With solar control window film you can maintain your home's current look or update it by selecting a film that's nearly invisible, tinted in either warm or cool tones--even mirrored. Relieve heating and cooling systems, to help save energy and shrink energy bills.

What are the benefits of solar control?

Virtually invisible solar control benefits and maximum optical clarity; popular for historic homes. A less reflective appearance with excellent solar control and great durability in salty coastal air. Great at tempering excessive heat and glare with low reflectance and an earthy, warm look.

Why should you choose solar control film over window treatments?

Homeowners often choose solar control film over window treatments because it keeps rooms bright and comfortable without hiding attractive woodwork, decorative windows, or outdoor views. Our window film can help change the appearance of your home's exterior, too.
