

# Solar energy companies in sc

Who is the best solar company in South Carolina?

According to solar shoppers on the EnergySage Marketplace, the top five solar installers in South Carolina are Olympus Home, Renu Energy Solutions, Solar Energy Partners, CAPE FEAR SOLAR SYSTEMS, LLC, and ESD Solar. How many solar companies are in South Carolina?

Are solar companies competitive in South Carolina?

Solar companies are competitive in South Carolina -- they want your business. We recommend shopping around and getting multiple solar quotes. That way you can choose the one that offers the best value deal for your energy needs.

Does South Carolina have solar energy?

Since only about three percent of homes are powered by solar in the state, this puts the priority for the changeover relatively low compared to how many clear days residents enjoy each year. That being said, South Carolina's solar energy still falls in the top half of the country's states when it comes to price.

Is South Carolina a good place to buy solar energy?

However, when you buy something through our retail links, we may earn an affiliate commission. South Carolina's sunny weather and long summers make it ideal for solar energy.

Which solar installation company should you choose in South Carolina?

South Carolina residents -- from upstate to the Midlands and the Lowcountry -- have dozens of solar installation companies to choose from. Customers who prefer extensive experience and reliability may like Sunrun, while those looking for easy payment options should consider Blue Raven.

Are solar panels a good investment in South Carolina?

On top of potentially increasing the value of your home, solar panels will save you money on your utility bills over time - an average of \$31,400 over 20 years, according to EnergySage.com. However, the panels do require an initial investment and some patience to see a return, which takes on average around 7.9 years in South Carolina.
