I got a 20kW solar installed by Sunnyday Solar. I'm saving INR25,000 on my electricity bills at my food processing unit and another INR5,000 at home. They did the installation quickly and neatly. Plus, they took care of all the paperwork with KSEB and the inspectorate, I just had to sign the papers only. Really happy with their service.

Our hybrid solar power plants incorporate advanced energy storage systems, such as lithium-ion batteries, to store excess solar energy during periods of high production. This stored energy can then be utilized during low solar output periods or during times of high demand, ensuring a seamless and uninterrupted power supply.
