What should you know about Solar Frontier KK?

more comfortable lifestyle for everyone. Beware of fraudulent emails impersonating Solar Frontier's officers. Solar Frontier K.K. has recently become aware that the names of Solar Frontier K.K.'s officers have been used in fraudulent emails. Examples of such fraudulent activities are as follows:

Who is Solar Frontier Kabushiki Kaisha?

Solar Frontier Kabushiki Kaisha is a Japanese photovoltaic company that develops and manufactures thin film solar cells using CIGS technology. It is a fully owned subsidiary of Showa Shell Sekiyu and located in Minato, Tokyo, Japan. The company was founded in 2006 as Showa Shell Solar, and renamed Solar Frontier in April 2010.

Is Solar Frontier owned by Showa Shell Sekiyu?

It is a fully owned subsidiary of Showa Shell Sekiyu and located in Minato, Tokyo, Japan. The company was founded in 2006 as Showa Shell Solar, and renamed Solar Frontier in April 2010. Solar Frontier's parent company Showa Shell Sekiyu had been involved with solar energy since 1978.

Why have we selected solar panels made by Solar Frontier?

We have selected panels made by Solar Frontier because its products allow us to install flexibly. This flexibility enables us to design PV system freely. Company profile for solar panel and Component manufacturer Solar Frontier Co., Ltd. - showing the company's contact details and offerings.

Who owns Solar Frontier's Kunitomi plant?

ROHM has completed the acquisition of the assets of Solar Frontier's former Kunitomi Plant located in Japan, on November 7, 2023, based on its basic agreement signed with Solar Frontier. The Plant will be operated by LAPIS Semiconductor, a subsidiary of the ROHM Group, as its Miyazaki Plant No.2.

Does Solar Frontier still use Kunitomi?

*Solar Frontier plans to continue to use part of the site and buildings as its business office (lease). ROHM has completed the acquisition of the assets of Solar Frontier's former Kunitomi Plant located in Japan, on November 7, 2023, based on its basic agreement signed with Solar Frontier.

Who is Solar Frontier KK. Solar Frontier K.K. founded in the 1970s develops and manufactures CIS (denoting copper, indium, selenium) thin-film solar modules for customers in all sectors around the world. Solar Frontier's gigawatt-scale production facilities in Miyazaki, Japan, integrate compelling economical and ecological advantages into every module, from lower ...

Product Overview SF145-S SF150-S SF155-S SF160-S SF165-S SF170-S characteristics Next Generation CIS Solar Frontier's SF145-170 module series offers the highest conversion efficiency of any mass-produced
