Solar Charger and Battery Bank. Some portable solar panels also have an integrated battery bank. These chargers are usually designed to be used more like a portable battery pack and less like a solar panel because the solar panel often isn't big enough to reliably generate a lot of power from the sun.

Solar panel chargers - Without any storage, these are a direct feed from the sun, which are a great way to turbo boost solar charging for power banks and can charge a phone directly from the sun on a sunny day.
