

Sungrow solar inverter perth

Sungrow make a complete range of solar inverters and energy storage products for residential, commercial, industrial and utility grade solar projects. ... Perth, Cairns and Auckland. AC Solar Warehouse are experts in Sungrow technologies with 100+ years of combined engineering experience in solar and storage. ... Save time and money installing ...

In my opinion, a solar power system that will be on your roof for 30+ years deserves the best inverter you can afford. But if you want to save the ~\$1,000 premium that a high-end inverter brand such as Fronius will command, then my favourite budget inverter brand is Sungrow - although Goodwe are snapping at their heels.

Founded in 1997 by University Professor Cao Renxian, Sungrow is a leader in the research and development of solar inverters with the largest dedicated R& D team in the industry and a broad product portfolio offering PV inverter solutions and energy storage systems for utility-scale, commercial & industrial, and residential applications, as well ...

Pay a fraction more and discover Goodwe's appeal as the best-value solar inverter. Goodwe solar inverters are reliable, user-friendly, consistently evolving, and, for the cost, impossible to ignore. With an outstanding reputation for after-sales support, Goodwe's market share continues to strengthen within Australia due to a combined high customer and installer satisfaction.
