Find out what owners think of JA Solar, Jinko Solar, Longi, Solaredge and Trina Solar solar pv panels to find the best solar panel brand for you.

What are the best solar panels in the UK?

According to our findings, the brands with the best solar panels include REC Group, SunPower, and AIKO. What is considered the "best" solar panel in the UK will vary depending on who you ask, and what metrics you value. Some homeowners may prefer a low-cost solar panel over one that's highly efficient, for example.

What are the best solar panels in the UK in 2024?

We compared top solar brands to pick the best solar panels in the UK in 2024. We chose SunPower as the best for durability, Project Solar for customer satisfaction, and AIKO as the most efficient. Our experts have researched a broad range of solar panels on the market to help you decide which option best suits your needs.

Which solar panels are best for your home?

SunPower, REC, Panasonic, Moxeon, and Jinko Solar offer the best solar panels. The type of solar panel, power output, efficiency, performance in warm climates, warranty, and price are the key factors to assess when comparing solar panels. The best solar panel for your home can depend on your roof space, shading, and climate.

Are solar panels a good buy?

And while energy bills remain sky-high, solar panel prices have dropped significantly over the years, making residential solar power a better buy than ever before. Buying solar panels isn't like buying other home appliances. Instead of pulling them off the shelf, you usually go through a specialist solar power installation company.

What are the most powerful solar panels?

Efficiency Trina's Vertex N solar panel range takes the pick for the most powerful solar panels on today's market, with a power output between 685 - 710W. This makes them a great option for large homes with high energy demands, or even for very small homes with limited roof space, as solar expert Josua Pearce explains:

Our research team has searched extensively for the most efficient panels. All of these products have an efficiency rating of 22.5% or above. The most efficient solar panel is the AIKO 72-cell N-Type ABC White Hole. As ...
