

The self-funded photovoltaic panel scam revealed

Are solar panels a scam?

That is, of course, also a scam. To protect yourself from clean energy scams: Know that "free" or "no cost" solar panel offers are scams. The federal government does not install solar systems in homes for free. If you're considering whether solar energy is right for you, check out the Department of Energy's guide for homeowners and learn more.

Are 'free solar panel health checks' a scam?

We're regularly contacted by customers, who have received an unsolicited call or letter from another company, offering them a 'free solar panel health check' or warning about their solar PV system being at risk of failing. This is a common scam.

How do you know if a solar system is a scam?

Ask for a list of satisfied customers and look at customer reviews online. Know that the government won't offer you free solar. The federal government does not install residential solar panels for free; if someone is claiming otherwise, it's probably a scam. If it seems too good to be true, it probably is.

Are 'fake' solar companies a scam?

Beware of any company asking you to make a big deposit before they have completed their installation. This is one of the most common ways 'fake' solar companies have targeted consumers - whereby they take a hefty deposit and then never turn up to carry out the installation. This is common solar scam.

How many people have been sentenced for solar panel fraud?

The 6 offenders were sentenced by His Honour Judge Warnock: Six men have been sentenced for a total of just over 30 years for their part in a £17 million solar panel fraud scheme.
