

Alcazar Energy Partners (AEP) has started the construction of a 400 MW wind project in North Macedonia. The Stip wind project is located in the municipalities of Karbinci, Radovis, and ...

7/23/2025 SLB awarded carbon storage contract for Northern Endurance Partnership Project in UK The infrastructure will transport and permanently store up to an initial 4 million metric tons ...

Amid a battery investment frenzy in Romania, Nova Power & Gas is about to build a battery energy storage system that would double the current total capacity in the country. In addition, ...

In the renewable energy sector, neopentane is finding applications in solar panel manufacturing and energy storage systems. Its low thermal conductivity and chemical stability make it an ...

The importance of the development of a battery system for energy storage by EMV was also emphasized, as well as the installation of additional capacities for the reinforcement of the ...

Read the cutting-edge developments in energy storage technology and its pivotal role in the clean energy transition at North American Clean Energy. Stay updated on the latest innovations, market trends, and policy developments ...

Energy Storage Market Analysis by Mordor Intelligence The Energy Storage Market size is estimated at USD 295 billion in 2025, and is expected to reach USD 465 billion by 2030, at a CAGR of 9.53% during the forecast period ...

Buildings Thermal Energy Storage NREL researchers are advancing the viability of thermal energy storage. At NREL, thermal energy science research focuses on the development, validation, and integration of thermal storage ...

Through these two strategic connections, Macedonia is positioning itself as a new transit point for natural gas on the South-North route, i.e. from the TAP gas pipeline and the LNG terminal in ...

Charging Forward: Apatara unveils \$3.9bn Ravenscraig AI data centre and battery storage plans Aed Energy, Firstway Energy, RPC, Greenfield and Lyten all feature in this week's energy ...

Under the programme, the Development Bank of North Macedonia gives loans to local banks, and these banks offer small loans to car component manufacturers, waste management firms, food ...

The Macedonian Solar Energy Association and pv Europe have entered into a strategic cooperation to support

the energy transition and highlight PV investment opportunities in North ...

The challenge with Renewable Energy sources arises due to their varying nature with time, climate, season or geographic location. Energy Storage Systems (ESS) can be used for storing available energy from Renewable ...

The optimization of energy systems using neopentane faces several significant technical hurdles that must be addressed to fully harness its potential. One of the primary challenges is the development of efficient and cost-effective methods ...

Zenobe Energy is the largest independent owner and operator of battery storage in the UK. It buys and manages grid-scale batteries for its commercial customers, such as utilities and electric-vehicle operators.

Renalfa IPP, a major renewable energy producer in Central and Eastern Europe, has secured 315 million euros in financing led by the EBRD to accelerate its 1.2 billion euros green investment ...

25-05-2023 Exclusive: Fresh insights into North Macedonia's top 10 largest and most successful companies for 2022 Read below and be the first to find out who were the 10 largest and most successful companies in ...

Battery manufacturer BMZ establishes production in North Macedonia. The new energy law adopted in May 2025 is expected to further promote the use of battery storage. State-led solar ...

Aksa Energy, owned by Turkey's energy group Kazanci Holding, plans to build cogeneration power plants producing 4.1 TWh of electricity and 720 GWh of thermal energy annually, selling both on the free market, Mickoski announced ...

Project's significance The GranMorgu project represents Suriname's first major offshore drilling effort, with first oil targeted for 2028. It aims to achieve a production capacity of 22,000 barrels per day, through a combination of ...

On this page, you can find energy storage related news from around the globe, our special print editions produced in partnership with Messe D&#252;sseldorf, and videos from the energy storage Europe ...
