

Weining photovoltaic panel theft gang

Did a gang sell solar panels to elderly people?

Six men have been jailed over a £17m fraud involving selling solar panels to elderly, retired and vulnerable people. The 1,500 victims were "manipulated" to buy panels with the promise they would get their money back from investments, the Serious Fraud Office said. But the jury heard the gang spent the cash on sports cars and holidays.

Are solar panels causing a rise in solar crime?

A rise in solar crime means eco-conscious homeowners and farmers who have diversified into renewables should check their security and insurance. The warning comes after police figures revealed a 48 per cent rise in solar panel and cabling theft from 2021 to 2022.

Is a solar raid linked to organized crime?

The international disposal route linked to the raid - on a solar farm owned by water company Severn Trent, near Kidderminster, in the west of England - indicated organized crime involvement. Police in the UK observed a 93% rise in reports of solar-related crimes from 2021 to 2022.

How much does a solar theft cost?

Strecke says European solar thefts typically cause EUR60,000 (\$63,900) of damage, when repairs and loss of business are factored in. "Solar crime is on the increase," says Rachael Oakley, director of crime intelligence at Telford-based DeterTech, formally known as SmartWater Group thanks to its product-marking technology.

Are criminals observing solar farms?

Criminals are starting to observe solar farms and they know there's copper in the cabling, and solar panels there." Copper hit a record GBP 7,500 per ton in February, according to Richie Iwanoff, head of telecommunications company British Telecom's acquisitive crime team.

Are solar panels being stolen in the UK?

That figure - reported by Detective Superintendent James Taylor, head of UK serious organized acquisitive crime unit Opal - included a rise in small-scale theft of solar panels as rising energy bills and the cost-of-living crisis bite. And the UK experience is far from unique.
