Who is Yingli in solar panels?

Yingli is a leading Chinese manufacturer of solar PV modules. We have chosen Yingli Solar Panels for our complete systems due to their module quality, performance, and company financial health and stability. Yingli is one of the leading solar panel manufacturers in China.

Who is Yingli Energy Technology Group?

Yingli Energy Technology Group is one of the world's leading providers of BIPV products and integrated photovoltaic solutions, which aims to provide clean energy for all and build a Zero-carbon world.

How much do Yingli solar panels cost?

Yingli's solar panels will cost you anywhere between \$2.50 and \$3.10 per watt. For reference, an average 7kW solar system can cost you about \$21,000 before the federal tax credit. You can expect Yingli Solar panels to be slightly below the average because they are known as a less expensive brand.

Do Yingli solar panels have a warranty?

Their panels sold in Australia generally have a 12 year product warranty and a 25 year performance warranty. Yingli Solar used to be the world's largest producer of solar panels but, starting in 2013, suffered serious financial difficulties that put its future survival at stake.

Does Yingli Solar supply high efficiency solar modules?

Recently Yingli Solar has announced the supply of 405MW of high efficiency solar modules for the well-known Solar EPC iSOLAR SA, including 120MW N-type modules and 285MW P-type modules. Currently, 180...1.25 GW! Yingli Solar to Supply Panda N-Type High-Efficiency Modules for Mega PV...

How many countries does Yingli Solar provide photovoltaic products to?

From May 2003 to July 2019, Yingli Solar has provided photovoltaic products to 132 countries, ranking third among its competitors in terms of the number of customer countries. The aggregate installed capacity of power plants accounts for 3.1% of the world's total, ranking eighth among all photovoltaic product providers.

Yingli Solar P-35b 280 Watt Solar Panel Module is a vertically integrated manufacturer of solar photovoltaic modules. Under one roof we manufacture our ingots, wafers, cells and modules. This ensures that we can tightly control our ...
